PROFILE

Experienced Electronics Engineer with solid background in the repair and maintenance of a wide range of electronics systems. Have basic knowledge in programming languages such as Python, PHP, HTML, CSS and JavaScript with hands-on experience in Wordpress. Known for problem solving skills, attention to detail and ability to adapt to new challenges. Open to both Technical role and general opportunities, including warehouse operations and other industries. Seeking dynamic position where my skills and expertise can add value to a forward-thinking organization.
